

Annual Report for 2017
St. Paul's Anglican Church
Guild of Saint Joseph

Roast Pork Supper

Our organization sponsored and participated in a Roast Pork Supper which was well attended and became one of our best money making projects of the year. The proceeds were donated to the youth group's trip to the Boston area for the purpose of familiarizing them with inner city workings.

Shrove Tuesday Supper

We also provided the congregation and community with a pancake supper which was well attended with profits going to the youth group.

Town Yard Sale

We had representation with our famous pop corn machine in operation at the church entry with the proceeds going to church improvements.

Membership

The Holy Joes continued to grow with a slight increase in membership. One meeting held was attended by the largest group we had in at least five years. Our old new chairman, Dennis Stevenson, took over the reins of the organization for the 2018

School Lunch Program

Many of our members participated in the preparation of pancake lunches provided for high school students at noon once a month during the school year.

Alpha Group Supper

The organization provided a supper for the initial meeting of the Alpha group and was attended by church members and guests.

Church Coffee Cupboard

Our members were involved with the cost and completion of a coffee cupboard at the rear of the sanctuary. This has proven to be a very busy area after Sunday morning services with many of the congregation participating with snacks and fellowship.

Church and Community Projects

We participated in completion of one project and preparation of another to be completed in the spring in assisting church members who were not able to do so.
